This effort is not just for tow and recovery personnel, but all *Emergency Responders*, Law Enforcement, Fire and Rescue, Emergency Medical Services (EMS), Hazmat and DOT workers.

Our goal is to increase public awareness and reduce injuries and deaths due to secondary accidents at primary accident scenes or other road hazard situations, for all *Emergency Responders*.

On behalf of the members of the Missouri Tow Truck Association we appreciate all the help you can give us in putting out the word about the laws and our stickers making our highways safer for all who are out there everyday.
